per person
€29,-

The Camel Park originated in 1998 as a camel farm but the love and care of the family owners for animals welcomed several other animals as well. Today, the park is a home for more than 100 animals, including ostriches, goats, deers, ponies, wallabies, lamas, alpacas, lemurs, turtles, fish, a lot of birds and our 60 camels, that each of them has its own name and character.

The well-established park in Mazotos is conveniently located only 15 minutes from Larnaca Airport and centrally located between Larnaca, Limassol & Nicosia. It is the only camel park in Cyprus and the biggest camel park in Europe too, achieving the 'Trip Advisor' Certificate of Excellence for the past 10 years.
